## Summary

---

Results-driven Software Engineer with a Bachelor of Science in Computer Science from the University of California, Berkeley. Proven ability to design, develop, and deploy high-quality software applications, as demonstrated during my tenure at Google, where I contributed to the improvement of core search algorithms. Proficient in Java, Python, and SQL, leveraging these skills in projects such as the development of a real-time data processing pipeline, resulting in a 15% reduction in processing time. Certified in AWS Cloud Practitioner.
