Summary

Results-driven Software Engineer with a Bachelor of Science in Computer Science from the University of California, Berkeley. Proven ability to design, develop, and deploy high-quality software applications, as demonstrated during my time at Google, where I contributed to the improvement of key internal systems. Expertise in Java, Python, and SQL, along with experience in Agile methodologies and cloud computing (AWS). Successfully completed a capstone project resulting in a 15% increase in data processing efficiency.
