## 🎯 Professional Summary

Cybersecurity Specialist with 4+ years of hands-on experience in information security, threat detection, penetration testing, and incident response. Proven ability to identify vulnerabilities, secure systems, and design robust defense strategies. Adept at working with cross-functional teams to implement cybersecurity policies and ensure regulatory compliance. Passionate about ethical hacking and continuous learning in emerging cyber threats.

---

## 🧠 Key Skills

Network Security & Architecture

Penetration Testing & Vulnerability Assessment

Incident Response & Digital Forensics

SIEM Tools (Splunk, QRadar)

IDS/IPS Configuration

Ethical Hacking (CEH)

Risk Management & Compliance (ISO 27001, NIST)

Malware Analysis

Web Application Security (OWASP Top 10)

Secure Cloud (AWS, Azure Security)

Cryptography & PKI

## Python & Bash Scripting

---

### Certifications

- ✓ Certified Ethical Hacker (CEH) – EC-Council
- ✓ CompTIA Security+
- ✓ Cisco Certified CyberOps Associate
- ✓ ISO/IEC 27001 Lead Implementer (Optional)

---

### Professional Experience

#### Cybersecurity Analyst

Vodafone Egypt, Cairo – (Jan 2022 – Present)

Conducted security assessments and penetration tests across internal systems and web apps.

Monitored network and application traffic using SIEM to detect anomalies and respond to incidents.

Developed automated scripts for log analysis and threat hunting.

Trained junior analysts on threat detection and response procedures.

#### Information Security Intern

Orange Business Services, Remote – (Jul 2021 – Dec 2021)

Assisted in vulnerability scanning using Nessus and OpenVAS.

Participated in SOC operations, triaging and escalating incidents.

Contributed to internal awareness campaigns on phishing and data protection.

---

## Education

Bachelor's Degree in Computer Science  
Faculty of Computers and Information, Mansoura University  
(2017 – 2021)

Specialized in Information Security

Graduation Project: “AI-Powered Intrusion Detection System” – Scored Excellent

---

## Projects

Web App Pentest Lab – Built a local DVWA-based lab and documented vulnerabilities with remediation reports.

SIEM Log Analyzer – Python tool to parse and flag suspicious logs from server activity.

Secure File Transfer System – Implemented an end-to-end encrypted file sharing platform using Python.

---

## Languages

English – Professional

Arabic – Native

---
