| Summary                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
| Results-driven Software Engineer with a Bachelor of Science in Computer Science from the University of California, Berkeley. Proven ability to design, develop, and implement high-quality software solutions, as demonstrated during my experience at Google, where I contributed to the development of a large-scale data processing system. My skills encompass Java, Python, SQL, and Agile methodologies. Successfully delivered three projects, resulting in a 15% increase in system efficiency and a reduction in processing time 20%. |
